BY DR. HERRICK & BROTHER, PRACTICAL CHEMISTS.

ALBANY, N. Y.

## TO THE PUBLIC.

---

The cordial reception given to our ALMANAC for the past several years, and the favor with which it is everywhere met, has induced us to issue one for 1862, in which will be found all that is necessary in an Almanac, combined with much that is agreeable and instructive. Our tables have been prepared with the greatest care and accuracy, and can be relied upon as correct; and undoubtedly our annual visitor will, as heretofore, be considered the best, as we know it to be, the most interesting of any *Almanac* issued from the American press. In presenting our gift *book* to each kind reader, we would wish you, one and all, a "HAPPY NEW YEAR." May it be one of great happiness in all your homes. Let the demon of *Discontent* be banished far from every hearth-stone. And thanking God for all past mercies, go cheerfully, bravely on, leading an honorable, upright, and industrious life—such a life as makes home happy. And let us not forget, in our own happiness, the homes where there is sorrow and suffering. Such homes there are, near us all; and a kind word, a cheering smile, a *helping hand*, may lighten many a load of sorrow, and help both us and others to spend a *Happy New Year*.

HERRICK & BROTHER, CHEMISTS, ALBANY, N. Y.

☞ Over five hundred thousand of these *Almanacs* are now printed, and will be gratuitously distributed during the year 1862, an enterprise actually unheard of in the history of printing. We are enabled to do this, notwithstanding the immense cost, from the unprecedented sales of our *Family Remedies*, which are now considered indispensable in every well regulated family in the land.

A CHILD-LIKE SENTIMENT.—A little girl of three or four summers, who recently lost her father, came up to Professor Wise and said: "Wont you take me up in your balloon?" "Why do you want to go, my dear?" replied the Professor. "I want to see my papa," was the touching response. A tear was visible in the aeronaut's eye, as he assured her that it was impossible for him to take her high enough to see her papa.

### Fever Sores, Tumors, White Swellings, Diseases of the Joints, &c.

All proceed from impure blood, and show that there is a scrofulous or morbid taint of the system, and therefore it is of immense importance that we commence at the CAUSE of all this derangement of the system. Let Herrick's Sugar Coated Pills, which contain great alterative as well as great cleansing properties, be taken according to directions, each night one pill, and when the blood is changed, the disease will leave the body.

## Herrick's Sugar Coated Pills.

The Best Family Cathartic in the world, used twenty years by five millions of persons annually; always give satisfaction; contain nothing injurious; patronized by the principal physicians and surgeons in the Union; elegantly coated with sugar.

Large boxes 25 cents; five boxes for One Dollar. Full directions with each box.

Warranted superior to any Pill before the public.

TALLAHASSEE, LEON COUNTY, }  
FLORIDA, July 17, 1860. }

To DR. HERRICK, Albany, N. Y.—My Dear Doctor: I write this to inform you of the wonderful effect of your Sugar Coated Pills on my elder daughter. For three years she has been affected with a bilious derangement of the system, sadly impairing her health, which has been steadily failing during that period. When in New York, in April last, a friend advised me to test your pills. Having the fullest confidence in the judgment of my friend, I obtained a supply of Messrs. Barnes & Park, Druggists, Park Row, New York. On returning home, we ceased all other treatment and administered your Pills, one each night. The improvement in her feelings, complexion, digestion, etc., surprised us all. A rapid and permanent restoration to health has been the result. We used less than five boxes, and consider her entirely well. I consider the above a just tribute to you as a Physician, and trust that it will be the means of inducing many to adopt your pills as their family medicine.

I remain, dear sir, with many thanks, your obedient servant,

S. G. MORRISON.

# Whole Communities are Startled with the WONDERFUL CURES OF HERRICK'S PILLS!

ONEIDA FALLS, Madison Co., N. Y., Jan. 28, 1860.

TO DR. HERRICK & Co.—

Gentlemen: About one year ago your agent called upon me and desired that I should take your Pills and Plasters to sell in this place. At that time I was afflicted with an abscess in my right side, as large as a pint bowl, or larger than a cocoa-nut. I had not buttoned my vest with any comfort for over a year. I had consulted some of the best physicians in the State, among which was Prof. Hamilton of Buffalo, and many others, all of whom decided that my disease would terminate fatally; that the abscess would break inwardly, and run my life away. I was not able to labor much for two years,

and not liking to stop treatment, I commenced taking your Pills. Soon after the swelling commenced disappearing, and finally appeared to point externally. I became alarmed, and sent for Dr. Sprague, who advised me to continue the Pills, as my cure was rapidly being completed. I continued to use the Pills in small doses for some months, and found myself fully restored, the ulcer healed, and I consider myself a well man. The news of this cure soon spread through this section, and more than a thousand boxes of Herrick's Pills have been sold in this vicinity. My Post-Office address is Oneida Valley, Madison Co., N. Y., where persons interested can address me, by enclosing a stamp, and learn more fully my sufferings and dangerous condition for more than three long years. You may publish this letter if you like, to assist the sick and advance your reputation.

Truly yours,

D. C. CAIN.

THE following inscription is said to have been found on a headboard at a grave, in the Sparta diggings, California:—

## THE SAME OLD STORY.

WOLFBOROUGH, Carwell Co., N. H., Feb. 3, 1861.

To DR. HERRICK, Albany, N. Y.  
Dear Sir: Your excellent Pills are doing much good in this vicinity. There has been a bilious epidemic sweeping through this section which has proved fatal in many instances. Your Pills were tried in a few cases, and met with such success that they are now used in nearly every family. I have supplied the poor with them gratuitous, and have the satisfaction of knowing that lives have been saved. I have proved to my satisfaction that your

Pills and Kid Plasters possess qualities known to no other remedies. You are at liberty to make this letter, or any part of it public, if it will induce others to use them.

Respectfully yours,

EBENEZER ALLEN.

## We Receive Heaps of such Letters as the Following:

COOPER'S MILL, Me., April 8, 1861.

To L. R. HERRICK, M. D.—Send me another package of Perrin's Fumigator for the enclosed one dollar; the other package cured the person who sent for it. Your Pills and Kid Plasters are still in active demand. I sell more of them than of every other kind.

Truly yours,

G. B. DONNELL.

HAPPY CHILDREN.—This is worth treasuring. Send your children to bed happy. Whatever cares press, give it a warm good-night kiss as it goes to its pillow. The memory of this, in the stormy years which fate may have in store for the little one, will be like Bethlehem's star to the bewildered shepherds. "My father—my mother loved!" Fate cannot take away that heart palm. Lips parched with the world's fever will become dewy again at this thrill of youthful memories. Kiss your child before it goes to sleep!

We sell Herrick's Sugar Coated Pills and Kid Plasters, because we know them to be good. All who purchase never grumble that they have been deceived.

THE PILL OF THE WORLD.—Three million boxes sold a year.—The sale of Her-  
 rick's Matchless Sugar Coated Pills are constantly on the increase; their praise is  
 on the lips of all, they are kept in the houses of all, their cures are numbered by  
 thousands, their advocates reside everywhere. Purely vegetable, easy to take, easy  
 in their operation, and certain in their effects. Large boxes, 25 cents.

**TAKING DOWN A LAWYER.**—A story is told of a very eminent lawyer in New York receiving a severe reprimand from a witness on the stand, whom he was trying to brow-beat. It was an important issue, and in order to save his cause from defeat, it was necessary that Mr. A. should impeach the witness. He endeavored to do it on the ground of age. The following dialogue ensued:

Lawyer—How old are you?

Witness—Seventy-two years.

Lawyer—Your memory of course is not so brilliant and vivid as it was twenty years ago, is it?

Witness—I do not know but it is.

Lawyer—State some circumstances that occurred, say twelve years ago, and we shall be able to see how well you can remember.

Witness—I appeal to your honor if I am to be interrogated in that manner. It is insolent.

Judge—Yes, sir, state it.

Witness—Well, sir, if you compel me to do it, I will. About twelve years ago you studied in Judge B.'s office, did you not?

Lawyer—Yes.

Witness—Well, sir, I remember your father coming into my office and saying to me, "My son is to be examined to-morrow, and I wish you would lend me fifteen dollars to buy him a suit of clothes." I remember, also, sir, that from that day to this he has never paid that sum. That, sir, I remember as though it had been but yesterday.

Lawyer—(Considerably abashed.) That will do, sir.

Witness—I presume it will.

**DR. HERRICK:** Having received much benefit from *your* Kid Plasters and Sugar Coated Pills, I think *you* should know it. I injured my back and side cutting cord *wood*; was laid up three months; took and applied almost everything without any *good*. A lady in the place recommended *your* pills and plasters. I obtained two plasters and applied them to my back and side, I was relieved so quick that people thought I was notional; these plasters and less than one box of pills done the cure, and I am now hearty and at work every day.

COLLAMER, Onondaga Co., N. Y., March 3, 1861.

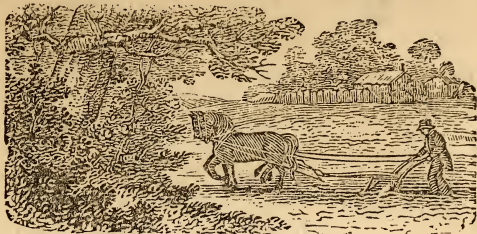

To L. R. HERRICK, M. D.—Dear Sir: Two boxes of *your* excellent family Pills have saved me from an early grave. My complaint was impurity of the *blood*. Large sores came out all over me. I tried *Sarsaparilla* and many such things; *your* agent recommended me to take one pill each night; I done so, and in about ten days the ulcers commenced healing, the scabs dropped off, and I was soon well. I did not change my diet while taking them. This letter *you* may print if *you* like.

☞ Herrick's Sugar Coated Pills are a pleasant and agreeable remedy. For women, children, and delicate persons, they have no equal. Those who wish to escape sickness peculiar to summer months, should use a few doses. Every Pill is covered with pure white sugar. They have no smell or taste of medicine. Family boxes, with full directions, 25 cents. Sold by all the druggists.

☞ "How is the market, neighbor?" "Very quiet." "Anything doing in cheese?" "Not a mite."

## Another Cured.

ALBANY, Oct. 27, 1860.

TO DR. HERRICK—Dear Sir: The wonderful benefit I have received from the use of your Sugar Coated Pills induced me to address you. I have long suffered from a disease of the bowels, with looseness and general debility. I employed several of our city doctors who failed to benefit me. I commenced using your pills in June last. The unexpected benefit I soon received induced me to introduce them into my family, where they have been used with the happiest result. I now consider myself fully restored, and am willing that you refer persons to me.

Truly yours,

L. MALCOMB.

## A Slave Cured.

AN ALBANIAN IN KENTUCKY.—Paducah, Ky., February 2, 1859.—To Dr. Herrick, Albany, N. Y.—Dear Sir: Allow me to inform you of the success of your Pills on one of my slaves, a negro woman aged 34, who had been ill about three years. Our family physician repeatedly prescribed for her, as did several other medical men—all did her no good. A druggist in Paducah recommended your Sugar Coated Pills; they were given to her in small daily doses, and their effect was indeed wonderful; her health improved immediately, and at the end of two months was as well as any person on my plantation. The character of your Pills is established here; they are to be found in almost every family in this vicinity.

Yours,

ALONZO D. CASEND.

WHAT WE SOW, WE SHALL REAP.—There was once an old man whose eyes had become dim, and his ears deaf. When he sat at the dinner table he could hardly hold his spoon, so that sometimes he spilt his soup on the cloth. His son and daughter-in-law were much displeased at this; at last they made their old father sit in a corner behind the stove, and gave him food in a little earthen plate. He never got so much as he could eat, and he would look towards the table with wet and longing eyes.

One day his shaking hands let the little dish fall, and it was broken. The woman scolded, but he said nothing; he only sighed. They then brought a wooden trough for him. Once he was setting thus in the corner; his little grandchild, about four years old, was playing on the floor near him, with some pieces of wood.

“What are you making?” asked the father smiling.

“I am making a trough,” answered the child, “for father and mother to eat from when they are old and I am grown big.”

The man and his wife looked at each other in silence, and their tears flowed fast. They brought their old father back to the table and gave him as much as he wished, and they never spoke angry words when his trembling hand spilt soup on the cloth.—*Christian Witness*.

**CAUTION! CAUTION!**—So many worthless medicines are now thrust upon the public, that Herrick's Sugar Coated Pills appear among them like an oasis in the desert, or a jewel amid pebbles. The most satisfactory results are given in all cases, notwithstanding millions of boxes are used. The enviable reputation these Pills possess in curing diseases has made them sought after over the civilized world.

### L. R. HERRICK & BROTHER.

If we were asked to designate a model business firm, we should unhesitatingly name Dr. L. R. Herrick & Bro., of Albany. Prompt and obliging in their business engagements, honorable in all their dealings, persevering and energetic in extending their already mammoth business, public-spirited and enterprising as citizens, they have achieved a success and popularity only equalled by that of their celebrated Sugar Coated Pills and Plasters. Long may they wave!—*Madison Journal, Wisconsin.*

MORE BUT LESS.—"It is a very singular thing," said a tailor's apprentice to his master, as the latter was pressing a bob-tail coat, "that the less there is of some things the more there is." "How can that be?" said the tailor. "Why, there's that bob-tail coat—the less you make the tail the more bob it is."

### HERRICK'S PILLS.

A new advertisement of these celebrated pills appears in this weeks *Gazette*. Dr. Herrick has become so widely known as the benefactor of his race, that he will require no extra puffing from us. Read his advertisement, and when you are afflicted, you will know what to resort to for a cure.—*Hudson (N. Y.) Gazette.*

☞ "Fellow citizens," said a stump orator, "we have the best country in the world, and the best government. What people on the face of the globe enjoy more privileges than we do? Here we have liberty to speak, without onerous despotism. Do you want anything more my countrymen?"

"Yes sir-ree," sang out a red-faced loafer, "this is dry work. I want a suck of that flask sticking out of your coat pocket."

☞ An old fellow, who became weary of his life, thought he might as well commit suicide, but he didn't wish to go without forgiving all his enemies. So, at the last moment, he removed the noose from his neck saying to himself: "I never can or will forgive old Noah for letting the copper head snakes into the ark. They have killed \$2000 worth of my cattle, and when he and I meet, there'll be a general fuss."

☞ The wonderful results attending the use of Herrick's Sugar Coated Pills have led some to suppose they contain mercury. The Doctor puts this question at rest by making oath before the Mayor of Albany, that not one particle has ever been allowed to enter these pills, and that all can use them with the greatest safety.

FROM THE WATERTOWN REFORMER.—A rich man, when dying, was informed by his physician that he should prepare for the worst. "Cannot I live for a week?" "No," said the doctor, "you will probably continue but a little while." "Say not so," said the dying man; "I will give you a hundred thousand dollars if you will prolong my life three days." But in less than an hour he was dead. If life is so desirable, and sickness so much to be dreaded, careless, indeed, must be the individuals that will allow sickness to attack them, and make no effort to stay the ravages of disease. Among all remedies at present known, HERRICK'S Sugar Coated Pills and Kid Plasters are the most used, removing disease and imparting tone, vigor and strength to mind and body.

NO MATTER NOW!—A party of belated gentlemen, about a certain house, began to think of home and their wives' displeasure, and urge a departure. "Never mind," said one of the guests, "fifteen minutes will make no difference; my wife is as mad now as she can be."

## Herrick's Kid Strengthening Plasters

Cure in five hours, pains and weakness of the breast, side and back, and Rheumatic complaints in equally short periods of time. Spread on beautiful white lamb skin, their use subjects the wearer to no inconvenience, and each one will wear from one week to three months. Price 18 $\frac{3}{4}$  cents.

## HOME TESTIMONY.

John C. Crary, of Knox, Albany county, N. Y., was cured in two days of a severe pain and weakness of the back of several months standing, by applying one of Herrick's Kid Strengthening Plasters. Those interested can write to Mr. Crary, who will give any further information. One lasts six months. Only 18 $\frac{3}{4}$  cents.

MINISTERS OF THE GOSPEL, from all parts of the country, have given their unsolicited testimony in favor of Herrick's Kid Plasters, as a remedy well calculated to protect the lungs and strengthen the organs of speech in a most remarkable manner.

PUBLIC SPEAKERS have, from time to time, and in different parts of the United States, extolled their healing virtues, and through their influence thousands of dozens have been sold annually.

LADIES troubled with pains in the back, breast or side, or with coughs, colds, asthma, &c., are earnestly recommended to use these Plasters. Being spread on soft and pliable lamb skin, they may be worn by the most delicate female, in all situations, with ease. Price 18 $\frac{3}{4}$  cents.

☞ Over ten years acquaintance with Dr. Herrick, and his excellent Family Pills, I pronounce them the very essence of all that is desirable in a safe and reliable family cathartic.

DR. NORMAN, North Adams, Mass.

**EXPERIENCE.**—There is a pretty German story of a blind man, who, even under a misfortune, was happy—happy in a wife he passionately loved; her voice was sweet and low, and he gave her credit for that beauty which, had he been a painter, was the object of his idolatry. A physician came, and curing the disease, restored the husband to sight, which he chiefly valued as it would enable him to gaze on the lovely features of his wife. He looks and sees a face hideous in ugliness! He is restored to sight, but his happiness is over. Is not this our history? Our cruel physician is Experience.

---

## THE REMEDY OF THE AGE.

Herrick's matchless Pills have for twenty years added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yet thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine.

---

## HAPPINESS.

How few people ever consider the close alliance existing between these two great boons of life; men, remarkable for their tact and knowledge in the ordinary routine of business, betray the most lamentable deficiency in this respect—they are lavish of gold in the preservation of their property by an annual expenditure of thousands of dollars insurances yet at the same time they exhibit the most reckless hardihood with regard to health, and fail to evince a solitary thought on the direful ravages which the ceaseless drudgery of business has upon the brain and the constitution. A few dollars invested in Herrick's Pills would secure them a policy of insurance against disease, and create a happiness and buoyancy of spirits which the wealth of Golconda could never realize. Large boxes 25 cents.

☞ “A Javan criminal was condemned by the sultan to fight a large royal tiger, whose ferocity was raised to the highest point by want of food and artificial irritation. The only weapon allowed the human combatant was a dagger with the point broken off. After wrapping a cloth round his left fist and arm, he entered the arena with an air of undaunted coolness, and fixed a steady, menacing gaze upon the brute. The tiger sprung forward upon his intended victim, who with extraordinary boldness and rapidity thrust his left fist into the gaping jaws, and at the same moment, with his keen though pointless dagger, ripped up the beast to the very heart. In less than a minute the tiger lay dead at the conqueror's feet. The criminal was not only forgiven, but ennobled by his sovereign.”

## ☞ HOPE. ☞

**STILL ONWARD.**—After a thorough trial by innumerable living witnesses, Herrick's Sugar Coated Pills have proved to be the medicine of the age. This remedy continues steadily to advance in the estimation of the world as the best Family Medicine ever introduced. In all bilious derangements they never fail, and as a universal cathartic excel all others. Price 25 cents.

### DR. PERRIN'S FUMIGATOR,

A new and surpassingly successful remedy for Catarrh, Bronchitis, Minister's sore throat, offensive discharge from the head, hoarseness, irritation of the membranes of the nose, throat, &c. This remedy is smoked in a common pipe, and blowing the smoke out of the nose, producing a delightful sensation, and imparting an agreeable odor to the breath. It is so simple that it may be used by a child ten years old. Being slightly exhilarating in its effects, it soothes the mind when overtaxed with business or cares, relieving it so as to induce sweet and refreshing sleep.

Tobacco smokers may mix a small quantity of it with their tobacco, and thus obtain the medicinal effects while enjoying their favorite luxury, and also a fine aroma to the breath.

It is put up in one dollar packages, with full directions for using, and will be sent by mail on receipt of the price; or, a sample sufficient for a trial will be sent in a letter, on receipt of twenty-five cents in money or postage stamps. Direct all letters to

## They Impart Strength! They Annihilate Pain!!

Discrimination should be used in purchasing Plasters. It requires neither skill nor practice to make a plaster which will adhere, but to extract internal pain by externa application—to combine a searching and penetrating with a soothing and gracious effect—to stimulate the Nerves, Cuticle and Veins with healthy nutrition,, is the result of a scientific mind, added to long medical practice. These PLASTERS are founded upon the principle of medicated inhalation—*reaching the seat of disease*. We do not speak at random in saying, they are one of the wonders of medical science. They are composed of pure medicated gums, myrrh, essences, and vegetable ingredients, combined to produce a healthy counter-irritant by dissipating soreness, and extracting the coagulated, poisonous impurities of the system.

"Mrs. Jones," said a gentleman to a lady whose husband was a brakeman, "do you feel worried about Mr. Jones when he is on the cars?" "Oh, no, not at all, for if he is killed I know I shall be paid for it, because Mr. Williams got forty dollars for his cow that was run over a few days since."

☞ The Hudson, N. Y., Daily Star says: "Having so long been acquainted with Dr. Herrick, and having heard so much of his *Sugar Coated Pills* and *Kid Strengthening Plasters*, induced us to visit the Doctor's office and manufactory. The thought occurred to us—who takes all the Pills and wears all the Plasters made at this establishment. We found the Doctor superintending his vast Laboratory, which is annually sending out five millions of boxes of Pills, and two-thirds this number of Kid Plasters. They are shipped to all parts of the world, and command a sale unprecedented in the annals of medicine. Dr. Herrick formerly practiced medicine in the town of Chatham, in this county; his sterling worth as a man, his untiring *devotion* to his profession, made him much sought after, and when he concluded to abandon general practice and devote his attention to the manufacture of his Pills and Plasters many thought he committed a great error. The success of Dr. Herrick has convinced all that his plans were well matured, and his present enviable position is a just tribute to an able physician, an honest man, and a right good fellow. *We use Herrick's Pills.*"

☞ When young Hodge came up to town his father told him it would be polite when being helped at dinner, to say to the host, "half of that if you please."

It so happened that at the first dinner to which he was invited, a sucking pig was one of the dishes. The host, pointing with his knife to the young porker, asked, "Well, Mr. Hodge, will you have this, our favorite dish, or haunch of mutton?" Upon recollecting his lesson, he replied, "half of that if you please," to the consternation of all present.

## EVERYBODY LIKES THEM.

OXFORDVILLE, N. H., Sept. 20, 1860.

To DR. HERRICK, Albany, N. Y.—Sir: I consider it a privilege to inform you what your *Sugar Coated Pills* have done for me. Early in the spring, I was attacked with fainting spells, had a violent pain in my head, coated tongue, vomited up my food, had cold chills, and hot flashes, and was compelled to stop work and take to my bed. A neighbor that had used your Pills, recommended me to try them. The first two doses removed nearly all my bad symptoms; and by continuing them, two at a time, once in three days, soon restored me to health. The past summer has been one of health and comfort. Your articles sell well here, and give good satisfaction. Your traveling agent, Mr. E. Blashfield, is doing you good service in this State.

Very truly yours, ANDREW ENGLISH.

# Dr. HERRICK,

OF ALBANY.

"We have intended, for some time past, to call attention to the advertisement of Dr. Herrick, of Albany, N. Y., which may be found in another column of our paper. Some of our exchanges have expressed the views we entertain of the Doctor, so nearly that we give below a few of them, which must satisfy all that desire to use a Spring medicine, that Herrick's Sugar Coated Pills is the remedy:

## A MAN FOR THE TIMES.

We call, says the Cohoes, N. Y. "Cataract," the especial attention of our readers to the advertisement of Herrick's Sugar Coated Family Pills and Kid Strengthening Plasters, to be found in another part of our paper. Dr. Herrick, of Albany, is doubtless the most extensive manufacturer of Pills and Plasters in the Union, if not in the world. Dr. Herrick's articles have been before the public for nearly twenty years, and their present unparalleled popularity speaks well of their healing qualities. Dr. H. is a regularly educated physician."

The Albany "Times," in speaking of the Doctor, says: "He is unostentatious, upright, exact, industrious, clear-headed, prompt and comprehensive; is charitable to the poor, generous in his contracts, social in his habits; is first to his business in the morning, and the last to leave his office in the evening. Commencing business with no other capital than an excellent medical education, aided by a familiar knowledge of chemistry, he discovered and compounded his famous

## PURGATIVE PILL,

which, several years since, yielded him a fortune. In 1844 his active business habits and restless disposition, with an eye to making money, and to benefit the world, led him to discover the process of coating a nauseous little pill with pure sugar. This discovery was a fortune. Herrick's pills were coated—others were not. The sick ran mad for Herrick's pills. Sales increased; others imitated, but imitated only. Herrick's Sugar Coated Pills command a sale never approached by any remedy of ancient or modern times."

## THE VALUE OF ADVERTISING.

"Dr. Herrick, of Albany, N. Y., proprietor of Herrick's Sugar Coated Pills and Kid Plaster, notices of which are constantly appearing in our columns, passed through Utica a few days since, on his way West. The Doctor had with him fourteen traveling agents, whose carriages and horses had preceded them, who intend making several of the Western States and Territories their future homes. The medical headquarters of this enterprise will be at Chicago. These agents will canvass their respective States county by county, until every place where goods are sold will have a supply of Herrick's famous Pills and Plasters. The success of Dr. Herrick clearly prove the advantages of advertising. He commenced in the world some twenty years since with no other capital than a

## FIRST CLASS MEDICAL EDUCATION.

The discovery of his Family Pills, and any quantity of this confidence in printers' ink and white paper, has made his career as a business man a perfect success. Where civilization exists, Herrick's name is known, and his medicine used. His outlay in this Western enterprise will involve an expenditure of some \$25,000, and will return him four-fold before three years have rolled away. We take pleasure in wishing such men success. Their march is onward, and with them the word FAIL is not known."—[Utica Telegraph

"We feel like endorsing every word of the above. Dr. Herrick, from personal acquaintance, is known to be a gentleman in truth and word. As a prompt and energetic business man, none can excel him. He has more friends among druggists who sell his medicines, and the press, than any man in the trade. Read the Doctor's advertisement in another column."—[Vermont State Banner.

# HERRICK'S SUGAR COATED PILLS.

---

THE fame of Herrick's Sugar Coated Pills has already reached almost every town and hamlet in the civilized world—while their beauty, goodness and certainty in the treatment of disease, has gained for them a reputation never approached by any other medicine, in the treatment of Bilious affections, so common in the South, Southwest, and Western world, none have been so successful; and from the united acclamation of more than

## FIVE MILLIONS OF HUMAN BEINGS

who have used them, none have been so extensively tested, and given such decided satisfaction as these. These extraordinary Pills are prepared purely from Vegetable Extracts. They contain no mineral medicine whatever, but are safe in all cases, uniting the most pleasant laxative with a strengthening and tonic effect—so that instead of weakening, they Strengthen the Patient—a power possessed by no other remedy.

☞ A man's good fortune often turns his head; his bad fortune as often averts the heads of his friends.

## WORKING PEOPLE! READ!!

THE very low price at which these articles are sold, has been the means of introducing them into more than 300,000 families, whose circumstances forbid them purchasing high-priced medicines. The amount of good performed by them in this particular is incalculable. A bilious state of the system exists in almost every person. The above cause gives rise to headaches, cold chills, coated tongue, impaired appetite, foul stomach, coldness of the hands and feet, pains in the head and sides, costiveness, and many other symptoms, which 'tis the height of presumption to neglect. HERRICK'S SUGAR COATED PILLS are a beautiful remedy for this class of symptoms, removing every vestige of disease, in from one to three days. These celebrated Pills have now been used in different parts of the country for twelve years, and have during this time saved more lives, endeared themselves to a larger class of inhabitants in all parts of the world, than any other medicine known.

## 16,000 Druggists, Merchants and Others

now acting as agents for HERRICK'S FAMILY MEDICINES, unite in saying that the sales more than exceed all others combined. The mass of indisputable evidence from all parts of the United States, and the innumerable cures performed in every town and village thereof, at once stamps them the Medicine of the World, the Sick Man's Friend, and the blessing of the age.

## Important to the Sick—Dr. Perrin's Fumigator,

A notice of which appears in another portion of this Almanac, for the cure of Catarrh, Bronchitis, Asthma, MINISTERS' SORE throat, loss of voice, and other diseases of the throat and head, is proving to be the most remarkable remedy of the age in which we live. Daily instances are common, where a single twenty-five cent sample package has cured a very severe case, and patients have been astonished at its wonderful qualities. Persons will bear in mind, in using this remedy, there is nothing to be used as an inward medicine or outward wash; the Fumigator is used by smoking it in a common pipe; the air impregnated with the odor or smoke, penetrates every cavity, and thus reaches the seat of the disease, when it is impossible to use snuff or a syringe. Mr. Horace Goodwin, of St. Louis, Mo., writes: My daughter, aged twenty three, was so afflicted with Catarrh, and an offensive discharge from the head, that persons in the same room in warm weather, found it difficult to sit and converse with her. Dr. Perrin's Fumigator came under my notice. To please my daughter, rather than myself, I sent and obtained a twenty-five cent paper. She commenced its use, and were words capable to express our astonishment at its effect, I would gladly tell you. To be brief, that small sample, and a one dollar package, have cured her.

This remedy was discovered by a clergyman of Western New York, who lays no claim to a medical knowledge; the prospect of being

### COMPELLED TO ABANDON THE MINISTRY

on account of ill health, produced by catarrh, and the total failure of all remedies heretofore used, led him to investigate his complaint, and devise means for its cure; the result was the combination of different ingredients, forming the Fumigator, and a

### COMPLETE CURE.

Unable to prepare the article in quantities, and anxious to throw this amazing remedy before an afflicted world, led him to seek out a suitable person to whom his secret could be confided; he applied to DR. HERRICK, who, after testing the Fumigator to his entire satisfaction,

### PURCHASED THE RECEIPT,

and privilege of making and vending the same, throughout the United States.

To Ministers of the Gospel, public speakers, singers, etc., this remedy is particularly recommended.

### THERE IS NOTHING CAN COMPARE WITH IT:

'tis clean, agreeable, and effectual; a sample package will convince you of this, and will only cost you TWENTY-FIVE CENTS. Large packages for a faithful trial and cure, ONE DOLLAR, sent under seal, Post paid, by addressing

# WORMS IN CHILDREN.

The principal symptoms indicating Worms, are itching of the fundament, convulsive cough, nausea, frightful dreams, starting in the sleep, feverishness, offensive breath and bad taste in the mouth, irregular and voracious appetite, dark color under the eyes, grinding of the teeth during sleep, trembling of the limbs and convulsions, enlargement and hardness of the abdomen, picking at the nose and sneezing, wasting of flesh. I have never known anything equal Herrick's Sugar Coated Pills, for the removal of worms. I have frequently noticed sick and weak children becoming healthy, fat and robust, after using them for a short time. Large clusters of worms would be expelled, and health immediately follow. For grown persons I think these Pills the best remedy I have known, though they must look out and not continue them in excessive purgative doses too long. A full dose two or three times a week, and a single Pill every night for a few weeks, will do the business. I use nothing else for my little ones.

## DR. CASTLE'S MAGNOLIA CATARRH SNUFF.

This Snuff possesses unsurpassed virtues in the cure of diseases of the Eyes, Ears and Head. Persons thus afflicted should lose no time in using this remedy, which experience has proved superior to any remedy known. Inflammation of the eyes, deafness, ringing sounds in the head, resembling the whizzing of steam or distant waterfalls, catarrh, discharges of matter from the nose, ears, &c., are cured frequently by the use of a single 25 cent box. Public speakers, singers, etc., will improve their voices by its occasional use, and afterwards become advocates for it. In ordinary colds in the head, attended with irritation of the mucous membrane, a few pinches will afford relief in twenty minutes. Persons afflicted with deafness of years standing have been cured by its use, and none so situated should neglect trying it. Druggists and Merchants where this almanac is obtained, have the Snuff for sale, and will supply those who desire it, at 25 cents a box. Full directions will be found on the box.

**NOTICE TO MERCHANTS.**—Herrick & Brother acknowledge the many obligations they are under to Merchants, Druggists, and others acting as our agents in selling Herrick's Family Medicines, and hereby tender them our thanks for the interest they have always manifested in these articles, in offering them to their customers and friends, as remedies in which they could place confidence; also in the prompt manner in which hundreds of our first merchants have refused to countenance or have anything to do with any article got up to sell in the place of our Pills and Plasters, thus attempting to defraud the public and injure the health of the sick.

Dr. Herrick's articles are sold where this Almanac is obtained, and by Druggists throughout the United States, Canada and South America, at wholesale by all large Druggists in the principal cities.
